

PATCH 51.12

Scheduled to be released to the field, Sunday, January 04, 2004 at 9:00 A.M. CST

Database changes only.

REPAIRS

PROBLEM REPORT NUMBER	REPAIR	Initiated By	Critical Function
TD 9457	Summary: ACQ - Assignment Review SIT No RPA. Resolution: When updating Action Review Type and Date Assignment Review Completed in the Person Extra Information Basic Acquisition Information the code now end dates an existing ACQ - Assignment Review SIT and creates a new SIT with only the Action Review Type and Date Assignment Review Completed.	CPMS	Other
TD 9461	Summary: The DTS Table Element Info has no indices. It is being full-table-scanned. Resolution: Performance tests of Mass Salary Futures indicate need for index on the DTS Table Element Info. A script has been created to create the required index for performance improvement.	LMMS	Futures
Remedy 13950	Summary: Report "LOCSP" Printing Incorrect Information Resolution: Corrected several errors with date conversions, queries and missing fields.	CPMS	Reports
Remedy 14067	Summary: Error on update to HR (Award Action) on a separated employee. Resolution: An edit in was written from the old legacy code associated with data insertion for SF50 remarks. The Date of Separation is not needed in Modern for an award and the edit has been removed.	DeCA	Awards

Remedy 14237	<p>Summary: An OTA Extra Information DDF is missing.</p> <p>Resolution: Added DDF Training Program Requirements (CIVDOD_PER_STU_TRNG_PROG) to the following responsibilities: CIVDOD MGT EMP RELATIONS OTA CIVDOD OTA FISC OFF CIVDOD OTA MNGR/SUPV CIVDOD OTA ORG TRN MONITOR CIVDOD OTA PERSONNELIST CIVDOD OTA TNG COORDINATOR CIVDOD OTA TRN ADM CIVDOD PERSONNELIST OTA CIVDOD PERSONNELIST OTHER OTA CIVDOD STAFFER OTA CIVDOD SUPR OTA CIVDOD TRAINER OTA</p>	CPMS	Training
Remedy 14425	<p>Summary: Living Quarters Allowance - Utility Amount erred when more than 10 characters were entered</p> <p>Resolution: Changed Unit Of Measure for the input value, this will allow the input of up to 10 digits without having to round it with a decimal point</p>	Navy	Pay
Remedy 14466	<p>Summary: SEPARATION error APP-GHR-38673 after cancellation of 3XX action.</p> <p>Resolution: Fixed an error with the process of the position information for a separation 352 where the position has 3 or more rows and the changing row falls in the middle.</p>	DLA	Separations
Remedy 14544	<p>Summary: Cannot update SES Employees' performance appraisals.</p> <p>Resolution: Disabled Edit 48A 015 and the user can now input 5-tier performance appraisals (H) using levels 4 or 5 on both SES and GS employees.</p>	Navy	Appraisals
Remedy 14646	<p>Summary: No Pay500 produced @ losing payroll office on Cancellation of 721.</p> <p>Resolution: NOA 721 Cancellations are now processing correctly and Pay500 transactions are produced with the correct information.</p>	Army	Cancellations
Remedy 14703	<p>Summary: Incomplete Error Reports from Completed Training History.</p> <p>Resolution: Changed the date processed as a group, layout and the properties to display all the pages of the report grouped by the processed date.</p>	Navy	Training
Remedy 15123	<p>Summary: Cannot cancel actions with effective date after separation action</p> <p>Resolution: Added condition to check if person is valid and allows only appointments on ex-employees after effective date of separation.</p>	Navy	Cancellations

	<p>Note: To process awards on ex-employees, award effective date on RPA must be the same as the separation effective date. Then enter the actual award date in the RPA extra info DDF. The business rule being applied should prevent all other actions except appointments from processing on ex-employees.</p>		
Remedy 15238	<p>Summary: Mass Appraisals creating duplicate appraisal entry. Resolution: Added code to check duplicate appraisal as per appraisal type (segment1) and the Appraisal Effective Date (segment3).</p>	Navy	Mass Appraisals
Remedy 15248	<p>Summary: Receive error message APP-FND-00716 upon Update HR of NOA 790. Resolution: Found the following SITS with duplicate combinations and have created a script to remove the duplicated records. Remedy 15276	<p>Summary: APP-FND-00716 Error on NOAC 352 Separation. Resolution: This remedy's solution is the same as for Remedy 15248. Found the following SITS with duplicate combinations and promoting the script to clean them up. AGR Reassignment Data US Fed Education ACQ - Contracting Officer Education Demo Project - Performance Pay ACQ - AF Technical Appraisal US Fed Conduct Performance.</p>	NGB	Separations

Remedy 15292	<p>Summary: Acquisition Cert Date Not cleared when moving to non-acquisition position.</p> <p>Resolution: When an employee is moved from a critical acquisition position to a non-critical acquisition position the RPA update process will null out DT Tenure Agreement Ends, Date Assignment Review Due, DT Review Assignment Complete and Assignment Review Action Type in the Person Extra Information Type "Acquisition Basic Data". If an employee is moved out of acquisition altogether then five additional segments are nulled out in the same person DDF. These five segments are Date Start Certification Requirements, Date Level Certification Due, Certification Extension Approved, Date Certification Extension Approved and Employee Career Field.</p>	AF	Other
Remedy 15350	<p>Summary: Automated DMHRSI interface file is missing majority of Army UICs.</p> <p>Resolution: The DMHRS interface was not working correctly. Sporadic results from region data pulls required the automated portion of this interface be turned off and accomplished manually. These changes re-automate that process and provide clear results that can be easily obtained by the EXITS administrator.</p>	CPMS	External Interfaces
Remedy 15421	<p>Summary: Oracle Family Pack F changed the names of several data elements and DTS was not picking up the data.</p> <p>Resolution: Modified the DTS code to populate the data correctly</p>	CPMS	Other
Remedy 15470	<p>Summary: Employee Record Requires Cleanup.</p> <p>Resolution: A script has been created that will delete the NOA 355 RPA for the employee that was not correctly implemented in CRT-03-9977-DOD.</p>	NGB	Other
Remedy 15471	<p>Summary: Trigger Error FRM-40735 on AGR Separation Action.</p> <p>Resolution: Trigger Error FRM-40735 occurred due to incorrect handling of date tracking in the code. Replaced selects with cursors to clear the Trigger Error.</p>	NGB	Separations
Remedy 15474	<p>Summary: Changing DLEI produces NOA S1Fon pay500 when it shouldn't.</p> <p>Resolution: Added a condition to check if the element input value of "Last Equivalent Increase" date is changed or not.</p>	CPMS	Pay

Remedy 15479	Summary: Received APP-PAY-51115 error during update HR upon 846 Action. Resolution: Created a script to update the Special Information Type Enabled Flag to 'Y' on 51 records in EOP region to clear the Error.	EOP	Awards
Remedy 15502	Summary: Error on processing an action (Emp EIT Acquisition Corps Data). Resolution: RPA Update message "Error on processing an action (Emp EIT Acquisition Corps Data)" was being received due to bad date conversion logic. The logic has been corrected.	LMMS	RPA/52
Remedy 15520	Summary: The mass realignment process is leaving positions invalid. Resolution: Corrected faulty code and created a script to correct the position status for mass realignment actions.	Navy	Mass Actions
